# Tests

**In Hungarian schools there are 3 ways teachers can evaluate students:**

- 1) Verbal test: When the students tell the teacher everything they know about the learned topic
- 2) Pop Quiz: When the teacher tests the students' knowledge by giving tasks they have to complete in a written form
- 3) „End of topic test”: Same as a pop quiz except it's about a whole topic, so it's longer and more difficult. Also unlike in case of short tests, teachers have to tell students about it a week in advance
